Lytle High School/ PTECH Assessment Plan

Lytle High School is an authorized testing center for the TSI Assessment.

- All incoming Ninth graders that have been accepted to the LHS PTECH program will receive TSI Reading, Writing, and Math tutoring as well as preparatory instruction during the summer bridge program.

- All PTECH students will be assessed in all three areas of the TSI assessment upon completion of the summer bridge program.

- Any student that does not meet the TSI passing standard for each area, will continue to receive TSI tutoring in those areas throughout the following school year. Students will be tested at periodic intervals throughout the year.

- Students will continue to receive tutoring and take the TSI assessment until such time that the student receives a passing score.
